LOAN BALANCE

Description	This Period	Year to Date
Beginning loan balance	$195,718.22	$183,648.00
Draws taken this period	$0.00	$0.00
Interest accrued	$1,115.59	$11,204.18
Mortgage insurance premium accrued	$6.74	$1,988.40
Servicing fee	$0.00	$0.00
ENDING LOAN BALANCE (amount owed)	**$196,840.55**	**$196,840.55**

A reverse mortgage balance grows rather than shrinks. No monthly payment is required, so interest and insurance premiums are added to the balance each month. The full amount becomes due when the borrower dies, sells, or permanently leaves the home.

PRINCIPAL LIMIT AND AVAILABLE CREDIT

Description	Amount
Net principal limit	$281,040.55
Less: current loan balance	-$196,840.55
Available line of credit	**$84,200.00**
Line of credit growth rate	6.840% annually

The available line of credit is money that may be borrowed in future. It is not cash on hand, it is not a deposit account, and it must not be recorded as an asset. Drawing on it increases the amount owed.

PROPERTY AND OBLIGATIONS

Item	Amount
Appraised property value at origination	$372,000
Current estimated property value	$412,000
Estimated remaining equity	$215,159.45
Annual property tax obligation (borrower pays)	$4,188.00
Annual hazard insurance obligation (borrower pays)	$1,104.00

The borrower remains responsible for property taxes, hazard insurance and property maintenance. Failure to meet these obligations is a default under the loan agreement and may result in foreclosure.
